RELATED PROJECTS EXPERIENCE

BrickByClick – Project Management Tool for Small Construction Teams

Technology Stack: React, Node.js, PostgreSQL, python

- A lightweight project management web app designed for small construction crews. It helps manage timelines, budgets, tasks, and internal communication.
- Problem It Solves: Most construction teams can't afford or don't need bulky enterprise tools. BrickByClick offers a streamlined, affordable solution tailored to their workflow.

Outcome:

- Provides a focused dashboard for task tracking and budgeting.
- Built through agile collaboration in a team environment

MessyBuddies – House Task Management App

Technology Stack: Node.js, AI Tool BOLT, Supabase

- Designed and developed a web app for managing household tasks.
- Integrated task tracking and group notifications to streamline task assignments.
- Leveraged AI (BOLT) to optimize task management and speed up development.

Outcome:

- Fostered a collaborative living environment by improving task organization and communication among household members.
- Reduced development time by 40% through strategic use of AI coding tools, demonstrating proficiency in prompt engineering and efficient AI collaboration techniques.

HerLuna – Period Tracking Web App

Technology Stack: Next.js, Tailwind CSS, API Integration, Firebase

- Created a menstrual period tracking web app with a calendar feature.
- Integrated a daily joke API to enhance user engagement.
- Focused on visually appealing design and seamless functionality.

Outcome:

- Improved user experience, making period tracking easy and enjoyable while increasing user satisfaction and engagement.

China Traveling Website

Technology Stack: HTML, JavaScript, SaaS, EmailJS

- Developed an interactive platform introducing China's rich culture and tourist attractions.
- Partnered with local travel agencies to promote curated tour plans.

Outcome:

- Boosted regional tourism awareness, resulting in increased website traffic and a rise in travel-related inquiries and bookings.

PROFESSIONAL WORK EXPERIENCE

Southern Alberta Institute of Technology (SAIT)

August 2024 – Present

Student Lead GPA: 3.9

- Foster leadership and communication skills through hands-on campus roles and professional development workshops.
- Organize and lead monthly gatherings, promoting mental health, safety, and equity initiatives.
- Support and promote activities that contribute to the co-curricular record, preparing for future leadership roles.

Alexandra Centre Society

October 2024 – December 2024
